MORGAN HI ENDS SEASON WITH WIN OVER M.M.I. HERE

Devils Hold Gate
City To 7-6 Win
In Friday's Game

(By Rudy Franklin)
The Morgan Blues really put the finishing touch on their '53 season as they plastered a weak M.M.I. team 33-7 here Wednesday afternoon. The victory evened the Devils season record at 4 wins, 4 losses and 1 tie.

The contest started slowly and had the appearance of a close battle, but the powerful Morgan offense began rolling during the second period and turned the affair into a lopsided victory for the home standing Devils.

Four of the five Morgan touchdowns were punched across by their flashy fullback, Dale Dehart. Dehart, playing his last high school football game, cracked the M.M.I. line wide open as he reeled off 156 of the 247 rushing yards chalked up by the Devils, plus a 32-yard touchdown sprint that was nullified by a penalty.

Morgan opened their scoring early in the first quarter. After recovering a fumble on the M.M.I. 46, they drove in seven plays to pay dirt. Halfback Sammy Hill made the payoff sprint on an off-tackle slant from the 6. The extra point was added by Lykins as the Devils took an early 7-0 lead.

Millersburg's only touchdown was scored minutes after the following kickoff. After taking the ball on their own 27, the visiting Cadets moved with harmony as they covered the distance in just nine plays. Quarterback Correll made the scoring sprint on an end run from the 3. Only one other time did the Cadets threaten. The threat ended, however, as time ran out with the Cadets only two yards from scoring.

Morgan scoring resulted on drives of 64 and 42 yards in the first and second quarters respectively, a 53-yard sprint by Dehart in the third quarter, a 12-yard return of a pass interception by Dehart during the fourth period, and on a 47-yard pass play from Lykins to Dehart also in the final quarter. Extra points were made on runs by Halfbacks Lykins and Clarence Williams and on a pass from Lykins to Dehart.

A fourth quarter touchdown with only minutes remaining, provided the visiting Catlettsburg Wildcats with a narrow 7-6 victory over surprisingly tough Morgan County here Friday night.

The Morgan team had taken a 6-0 lead just 6 plays earlier. After Stacy's remarkable punt of 48 yards rolled out of bounds on the Catlettsburg one-foot line, the Catlettsburg team moved to the 6 and then fumbled with Stacy recovering for the Devils.

Then following Dehart's plunge to the 4, Halfback Glenn Lykins swept his own right end for the remaining distance to the touchdown land. The extra point which was later to prove the determining factor in the contest, was nullified when Lykins attempted place kick veered wide to the right of the intended mark.

The Devils then kicked off to the Wildcats who as a result of a fine return by Cassell brought the ball back to the 45 yard marker. Three running tries gave the visitors a first down on the Morgan 42.

The Morgan lads weary from lack of replacements, were weak cning fast and it was only a question of time, of which there was only about 3 minutes left.

The next play saw Quarterback Curt Cassell connect on a 23-yard pass to end Jim Jordan for another Wildcat first down on the Morgan 19. Fullback Paul Sloan, who was one of the bright spots on Coach Charlie Snyder's crew, found a hole over tackle on the next attempt and raced to the Morgan 6. Sloan went the distance on the next play as he plunged over with the tying tally.

SOMETHING OF A RECORD

J. F. Benton of Caney, one of the election commissioners for Morgan county this year, has taught school 35 years, served as a member of the Caney precinct election board 35 times, been treasurer of the Greenville Masonic Lodge at Caney 24 years, on the Morgan County Board of Education eight years, on the county board of tax equalization seven times, and jury commissioner two times. This is his first time to serve as a member of the county election commission. The other two members are Clyde Adams, sheriff, and Luther Reed, merchant. In addition to all this, Mr. Benton has been a farmer for more than fifty years and does not remember how many times he has served on trial and grand juries.

Twelve Morgan Calves Return \$2600 From Maysville 4-H Show and Sale

Twelve Morgan county 4-H club members took a beef calf each to the Maysville Baby Beef Show and Sale last week and brought back the halters and \$2,605.68. The calves sold for a total of \$2,342.92, net, and the boys and girls earned \$263.16 in prizes.

Including prizes earned at the Morgan County Fair, the 12 boys and girls received a total of \$2,725.00 for their projects. Their expenses including the cost of the calves, feed, bought or raised, nurse cows, pasture and hauling charges, amounted to \$1,954.36. This left a net profit of \$771.32 or \$64.27 per calf.

Ten of the 12 members made a profit. Two lost money, one of them only 82 cents. Jimmie Lee Benton of Index led the group in net profit. He bought a thin but healthy, well-built and well-bred Hereford bull calf that was three months old when he got it in January. He put it on a nurse cow until June 30. He fed it calf pellets at first. Later, he used sweet feed, crushed

corn and cotton seed meal. He kept salt and minerals by it. His total expenses amounted to \$151.23. He sold the calf for \$258.30 and earned \$98.86 in prizes to make a net profit of \$205.93.

The boys and girls who had calves in the show were Scottie Fugate of Grassy Creek, Walter Thomas Vest of Bonny, Glenn Carroll Oldfield and Roger Nickell of Mize, Jimmie Benton and Eldon Tyra of Index, Helen Steele, Billy Bach, Dora Etta Bach and Jettie Bach of Malone, Tommy Brooks of Cottle and Hershel Ellis of Lenox.

The boys and girls were guests of the Mason County Purebred Livestock Association at a banquet Thursday night. The show was held Thursday and the calves were sold Friday. Parents and leaders who accompanied County Agent Charlie Dixon and the 4-H members to the event included Mearl McGuire, James Tyra, Bishop Benton, Mr. and Mrs. Glen Oldfield, C. A. Fugate, T. H. Vest, Everett Nickell, Kash Bach and Mrs. Maxie Ellis.

RUDD THANKS MORGAN CITIZENS

I wish to thank the voters of Morgan County for the support they have given me the past eight years. I also wish to thank all my friends and workers who supported me in my past campaign. I think they have done an excellent job.

I think you made a wise choice. I think you have elected one of the best men Morgan county can afford.

You will not see any difference

in me or my family, as to the treatment you will receive in the office, and I hope that I will live to be in Morgan county for many more years to be of service to my friends that have supported me and also to the ones that have been against their will to do so.

Always your friend,

EDGAR RUDD

TWICE ACQUITTED KILLER IS SLAIN

William Tackett, 33, Morehead restaurant operator who had been freed of two murder charges within the year, was shot and killed at the home of his father in Morehead Monday.

Roy Gastineau, 40, reported to be a good friend of Tackett, surrendered to Morehead police a few minutes after the shooting, saying "I had to do it."

Six bullets from a .38 revolver entered Tackett's body.

Tackett was freed three weeks ago in Morgan circuit court of the slaying Aug. 20, 1952 of Pearl Fitch, 42, of Knott county whose body was found on the Wrigley Hill eight miles north of West Liberty. The indictment was dismissed because of insufficient evidence. Last May he was acquitted in Rowan circuit court of the murder of Heber A. Slater of Charleston, W. Va. The shooting took place in front of Tackett's restaurant and Tackett pleaded self defense.

Mt. Sterling Mail To Arrive Earlier Here

F. C. Hunt, mail carrier between West Liberty and Mt. Sterling, said that he now leaves Mt. Sterling at about 7 a.m. and arrives in West Liberty at 10 a.m. and that he will leave on his return trip about the same time as he did previously. This brings Central Kentucky mail to West Liberty about two hours earlier.

Two Meetings Of Woman's Club Set Here Next Week

Mrs. H. B. Murray, president of the Morgan County Woman's club, announces that two meetings of the club will be held this coming week, one a departmental meeting and the other a general meeting.

Mrs. Henry L. Stacy will be hostess to the Fine Arts Department at her home Monday evening at 7:30. Mrs. Woodrow W. Barber, department chairman, has planned an interesting program, in which a book review of a recent publication will be given. At this meeting members of the department will discuss oil painting and each member will make plans to do a painting.

On Tuesday night a general meeting of the club will be held at the home of Mrs. Fred Penniston, with the Home and Garden Department in charge of the program. Rev. Wilma Miskoley of Cannel City will speak on Family Solidarity, and a Thanksgiving theme will be carried out.

Mrs. Murray asks that each member bring \$1.00 to one of the two meetings to be used to buy cigarettes for hospitalized veterans for Christmas.

Elk Fork Bridge Is Under Construction

Glenn Caskey said that he had been working on the bridge across Elk Fork at the mouth of Cow Branch and that he, Leander Johnson and three other men have the piers built and that the bridge will be completed perhaps by December if weather permits.

Ezra T. Benson

BENSON'S PLAN PUT IN EFFECT

WASHINGTON, D.C., Nov. 2.—Secretary of Agriculture Ezra Taft Benson today announced that his reorganization of the U. S. Department of Agriculture would go into effect as planned—and that the effective date is Nov. 1.

The reorganization will abolish the eight regional offices of the Soil Conservation Program and place the Production and Marketing Administration under one of four main agencies.

Mr. Benson had been asked by a number of farm state Congressmen and Senators to delay putting the plan into effect until the Congress could take it up, but in a radio address Benson said he acted with the full approval of President Eisenhower.

Many farm groups also were in opposition to the reorganization plan.

BURLEY MARKETS TO OPEN NOV. 30

The 1953-1954 burley tobacco auction season will open officially Monday Nov. 30, the Burley Auction Warehouse Association decided Wednesday.

The association decided to have four selling hours daily during the first two weeks and four one-half hours daily during the third week.

The sales season will close on Dec. 18 for the Christmas holidays and reopen Jan. 4, when there will be four selling hours daily.

BIRTH OF TWINS

Mr. and Mrs. Mearl Walton of Yellow Springs, Ohio, announce the birth of twin daughters on Thursday, October 1 in a Dayton, Ohio hospital. Lelia weighed 5 pounds and 15 ounces, and Leah weighed 5 pounds and 12 ounces. Grandparents are Mrs. Inez Donovan of West Liberty and Mr. and Mrs. Tom Walton of Fairborn, Ohio.

An estimated 300 farmers in Lexington county hauled water in September.

Dems Make Gains in Off-Year Vote; Kentucky Okehs School Amendment

DEMOCRATS TAKE NEW JERSEY FIRST TIME IN 10 YEARS

Also Elect Mayor
In New York And
Many Other Cities

Democrats gained two major victories in New Jersey and elected Democratic mayor of New York City and Governor of Virginia.

Although Eisenhower carried New Jersey by 250,000 last year, the State elected a Democratic governor by 160,000 Tuesday, the first time in 10 years, and elected a Democrat to Congress for the first time since the district was established in 1932.

Robert Wagner, Jr., son of the late New Deal Democratic Senator from New York was elected mayor of New York City by a plurality of 360,000.

And in Virginia, which went to Eisenhower last year, Democrat Thomas Stanley defeated his Republican opponent, who had the Eisenhower blessing, by some 45,000.

Chairman Leonard W. Hall of the Republican National Committee frankly acknowledged that the double-barreled Democratic triumph in New Jersey and Democratic victories in New York City and Virginia were a blow to the "Grand Old Party."

"There is no question about it," Hall said. "As of today, we are in trouble politically."

The upsets in New Jersey and New York came two weeks after the 11th District in Wisconsin elected its first Democrat Congressman in history.

Democrats picked up mayors in Columbus, Ohio, Akron, Ohio, Davenport, Iowa, Buffalo, Bama and Beacon, N. Y. and retained mayors in Louisville, Pittsburg, Cleveland, Albany and Binghamton, N. Y. Republicans won in Little Rock, Ark. and Waterbury, Conn.

Church To Sponsor Nursery Hour During Its Morning Worship

A nursery for children of parents who attend the Sunday morning worship service has been set up for the local Methodist church, announces Pastor Robert L. Meyers.

Rev. Meyers issues an invitation to parents with small children, to bring the children to the nursery school where they will be cared for by volunteer "baby sitters" while the parents attend church.

Rev. Meyers said the program was agreed upon by the church Commission on Education which met for its regular session Monday evening at the church.

Austin Hill
Elected County Clerk

ONE AMENDMENT PASSES, 1 FAILS

The school fund amendment to section 186 of Kentucky's 1892 constitution was overwhelmingly approved by Kentucky voters on Tuesday. But the same voters turned down amendment No. 2 to shorten the State-office ballot.

With tabulations two-thirds complete, the school amendment had rolled up a majority of 130,000 votes. The short ballot amendment, on the other hand, was lagging more than 10,000 votes.

Approval of amendment No. 1 permits the legislature to devise a new method of distributing the State school fund. The State Advisory Commission on Education Policy has suggested a minimum foundation program in lieu of the per-pupil basis for distributing the fund among districts. This would provide for better schools in the poorer counties.

MORGAN GIVES MAJORITIES TO ALL DEMOCRATS

Austin Hill Wins
Victory Over Rudd
For County Clerk

Only three contests for local offices were before the voters in Morgan county Tuesday—and the Democrats won all of them.

Austin Hill, West Liberty Democrat, defeated Republican incumbent Edgar Rudd for county clerk 2474 to 1649, and Willie E. Bentley, Democrat, defeated Rav Blair, Republican 2510 to 920 for coroner in the only two county races.

Talmadge Lacy, Democrat of Gilmore, carried Morgan county over Elmer C. Roberts, Republican of Campton, for State Representative of the Morgan-Wolfe district. The vote in Morgan was: Lacy 2680, Roberts 759. Lacy also carried Wolfe county, winning in the district by a vote of 4136 to 1275.

There was no race for State Senator. J. Everett Bach, Democrat of Jackson, having no opposition in Morgan-Breathitt-Lee-Magoffin district.

Democrats who won county offices without Republican opposition are: Reed Halsey, incumbent, for county judge; Ren F. Nickell, incumbent for county attorney; Aaron Lykins for sheriff; Della Williams, incumbent, for tax commissioner, and Bennie H. Patrick for jailer.

Democrats who won for magistrate without opposition are: J. F. Turner in Dist. No. 1; Arthur Barker in No. 2; Clyde Lewis in No. 3; W. P. Henry in No. 4, and Ervin Conley in No. 5.

Morgan county gave an overwhelming approval to constitutional amendment No. 1 (the school amendment) with only 34 opposing votes, but defeated the amendment No. 2 (short ballot amendment) by a vote of 2034 to 362.

CITY OFFICERS ARE RE-ELECTED

West Liberty's present city administration, running on the Open Book ticket, was re-elected Tuesday with the exception that the present mayor and a councilman changed places.

Councilman Alvin Evans of the present administration was elected mayor, defeating Homer Elair 264 to 141.

The present mayor, Ora McClain, ran as a councilman on the Open Book ticket and was elected along with the other five present councilmen, Chas. Black, Glenn Stanley, Burden Stacy, Woodrow Stamper and Joe Haneey.

John Helton was re-elected Police Judge in a three-man race. The vote: Helton 240; Kenneth Fairchild 194, and Wm. (Billy) Smith 21.

Morgan Author Returns to Her Hills

After 30 Years, The
Call of the Mountains
Pulled Her Homeward

(By Quentin R. Howard)

Ordinarily when a woman leaves her beloved hills and moves to some far off distance and stays thirty years, she has no desire to return. Some people will say that memories will draw one back eventually. There are some people who leave the mountains of Kentucky, for instance, and come back a short time later all "stuck up" and their old friends will be ashamed of them and say: "I'm sorry for so and so. I will just remember them as they were before they left."

Mrs. Alma Robison Higbee came back to her old stamping ground, Morgan County, after being gone for thirty years. But, strangely she wasn't "stuck up."

"Same old Alma," one childhood friend remarked. "Gee, I would have known her anywhere."

Maybe if it had been some other person who stayed away so long she would have turned her nose up at the sight of old friends, old places—but not Alma.

Mrs. Higbee was born at Yocum, a little Morgan County, Kentucky community. She left in 1923, and at present makes her home in Lathrop, Missouri.

Now, thirty years later, she could not have picked a better season to return to her beloved Kentucky hills than the autumn, when red sweetgums' star-shaped leaves looked like newly decorated Christmas trees; silence in the air; stillness on the forest; tiny whirls of dust being picked

ALMA ROBISON HIGBEE, center, of Lathrop, Mo., conducted Writers' Conference in West Liberty, October 12. Previous to the conference she spoke at a Pen Woman luncheon, and at six o'clock that evening addressed guests and members of the Morgan County Woman's Club at the club's fall banquet. Shown here with Mrs. Higbee are John D. Engle, Jr. and Sylvia Auxia who composed a poetry panel for the conference. Katharine Amyx, not shown in the photo, was also a member of the panel.

up in dusty paths and country lanes and deposited on dew-covered withered grasses and purple topped ironweeds and curtesying goldenrods in dry barren pasture fields; amid low hum of crickets, autumn's loneliest sound; when crowds drift lazily on a northerly light wind, feathers glistening almost white in the sun; rustling corn blades; an autumn moon hovering low over stubbled russet fields, casting ghostly shadows between rows of corn-shocked wigwags; skies high and blue, and great flocks of birds wheel-

ing above housetops and chimneys getting ready for their southward flight.

Through the years charming Mrs. Higbee has made a name for herself in the field of creative writing. She writes of things that are food for the soul. No other person in Kentucky has a broader field of publications for their writings.

As the main speaker to a group of east Kentucky amateur writers at the West Liberty Methodist Church Saturday, October 17, she

U. S. BORROWING

The U. S. Treasury will soon borrow an additional \$1,500,000,000 to \$2,000,000,000, pushing the national debt as close to the \$275,000,000,000 legal limit as it dares approach, according to a Treasury spokesman, who announced that the new borrowing must be got out of the way by the end of this month or early November to make way for refinancing on December 1 of a \$10,500,000,000 maturing issue.

**For a real bargain—
get a real truck!**

SURE, you can save a few dollars now on a truck price-tagged slightly less than a GMC. But if you want a bargain that will still be a bargain after years of hard truck-work, ask these questions *before* you buy:

Does the truck give you a GMC's 105 H.P.? That's up to 19% more power than comparable sixes. It hustles a GMC's top loads up tough pulls—without engine strain.

Does it have a GMC's 8.0 to 1 super-high-compression? That gives you quicker getaways—more drive—better mileage. All on regular gas.

Does it offer a GMC's engine- and driver-sparing

Truck Hydra-Matic? With it, you say good-bye to gearshift wrestling. No more clutch repairs. Maintenance costs shrink.

Does it have the extra protection of a GMC's self-energizing brakes? The extra comfort of a GMC's "Six-Footer" cab? The handling ease of a GMC's ball-bearing steering action?

If all the answers are "yes," you have a *real* bargain—a GMC. And there are 19 handsome ½- to 1-ton models to choose from. How can you lose?

*Standard equipment on Package Delivery chassis; optional at moderate extra cost on all others.

3 MORGAN 4-H'ERS ARE DIST. CHAMPS

Morgan County 4-H club members came away with three district project championships at the District 4-H Achievement Day, which was held at Prestonsburg, October 13. They received championship awards in the beef, canning and room improvement projects.

The district beef championship was won by Jimmie Benton of the Cannel City club. Jimmie is the son of Mr. and Mrs. Bishop Benton of Index. He raised a purebred Hereford steer this year and showed him to the championship of the 4-H beef ring and the special Hereford Breeders ring in the recent Morgan County Fair.

Aquilla Conley of the Lacy Creek club is the county and district canning project champion. She helped her mother do all the family canning, doing much of it by herself. She showed her canning at the club fair and the county fair. She received seven blue ribbons and two red ones on nine jars which she exhibited at the county fair. Aquilla is the daughter of Mr. and Mrs. Victor Conley, Florress.

Linda Jackson of the Ezel club was judged the district champion in room improvement. She made complete plans for remodeling, furnishing and redecorating her bedroom. She picked up tobacco leaves and sold them for \$40.00 to pay for the furniture and materials she bought. The articles bought included a dressing table, chair and mirror. The room was remodelled to make room for the dressing table and a book case. An iron bed was dehorned to make a Hollywood bed. She covered a nail keg to make a hamper. A new linoleum rug was laid down to completely cover the floor. The walls were papered to fit into the color scheme and reflect light. Window treatment and bed covers were carefully selected and the ceiling was painted white. Mrs. Boyd Blair recently saw the room and said, "It looks like Linda's."

Blue ribbons were awarded Paula Hamilton of the Rockhouse club for clothing and Dorothy Elam of the Cannel City club in the frozen foods project.

Red ribbons were received by Donald Dixon of the West Liberty Club in garden, Anna Henry of the Ezel club in girls leadership, Linda Jackson in dairying, Ruth Rowland of the Ezel club in poultry, and Alan Hemphill of the Wrigley club in woodwork.

Linda Rowland of Ezel received a white ribbon rating in the swine project. Randolph Potter of the West Liberty club attended as the 1952 county winner in tobacco. Rogers Niel of Mize represented the county as its 1952 corn champion. Mr. and Mrs. Marion Rowland of Ezel and the county agent, Charlie Dixon, had charge of the Morgan group.

County Agent Discusses Selling Livestock or Buying More Feed

Farmers owning cattle, sheep or hogs should talk to County Agent Dixon about the drouth feed situation. He has recently received from the Animal Husbandry Department at the University valuable information on getting stock through the winter. Some farmers are faced with the question of selling stock, rather than buying feed to get the animals through until spring. Farmers should take inventories of their feed supply, what they will need to buy, and which cattle or other stock they should sell.

Good breeding animals should be carried through, if at all possible, County Agent Dixon said. Hay and other roughage can

make up most of the winter feed. He has information on various rations for cows, calves, steers that can be carried through to another season, dairy cows, hogs and sheep.

This may be a good time, Rice said, to sell shy breeders, diseased animals, old stuff, off-type cattle and cattle that sell well as feeders or light slaughter cattle. However, he does not advise selling animals that could be used to build up good herds and flocks next season, if feed can be had to carry them through the winter.

Talk to the county agent about your livestock, what you should sell and what you should keep and feed. Next year may be an exceptionally good year for stockmen.

FARM PRICES DECREASE 2% FOR 3D MONTH

WASHINGTON, Oct. 29—Farm prices skidded another 2 percent last month, dropping the farmer to the lowest rung he has occupied on the economic ladder since 1941, the Agriculture Department reported today.

Cattle prices fell an average of 7 percent a hundred pounds. They stood at 71 percent of the so-called fair parity price.

Prices paid out by farmers from mid-September to mid-October fell one third of a percent. But since the farmer's prices fell even more, the net result was that he was less well off.

Average farm prices stood at 91 percent of parity on October 15, the lowest since May 1941. That compared with 92 percent of parity on September 15 and 99 percent a year ago.

The all-time high was 122 percent of parity in October 1946.

The overall farm price figure on October 15 was about 11½ percent below the same time last year.

Parity is a legal yardstick for measuring the farmer's purchasing power against that of the rest of the economy. When he gets 100 percent of parity he is said to have the same buying power he enjoyed in the "normal" period, 1910-14.

Lower prices for hogs and corn, with the sharp cattle drop, were chiefly responsible for the third consecutive monthly fall in farm prices.

The farm-price pinch is the Eisenhower Administration's biggest domestic headache.

Senator Anderson (D., N.M.), Secretary of Agriculture in the Truman Cabinet, said today he is sure the Democrats are regaining hold on the farm belt.

14 Morgan 4-H'ers Win \$15.75 At State Fair

Fourteen checks for a total of \$15.75 for prizes won by Morgan county 4-H club members at the recent State Fair in Louisville have been received by County Agent Charlie Dixon. All premiums were earned on clothing exhibits. There were other exhibits of clothing and secretary's books and a dairy cattle judging team for the county.

The prizes were listed by Mr. Dixon as follows: Wrigley 4-H Club—Naomi and Betty Jean Whitt, white ribbons and \$2.00 each for suits; Linda Lou Vie and Louraine Haney, red ribbons and \$1.00 each for housecoats and pajamas.

Cannel City Club—Dorothy Elam, a white ribbon and \$1.00 for a semi-tailored dress.

Jones Creek—Mary V. Collins, a blue ribbon and \$1.00 for an apron.

Crockett Club—Ivis Lea Adkins, a white ribbon and 75c for a dress-up dress.

Lacy Creek Club—Aquilla Conley, 75c and a white ribbon for a dress-up dress; Louise McGuire and Edith Pack \$1.00 each and white ribbons for semi-tailored dresses.

Rockhouse Club—Paula Hamilton, a red ribbon and \$1.00 for a dress-up dress.

West Liberty Club—Phyllis Dixon, a red ribbon and \$1.00 for a play suit.

Ezel—Linda and Glenda Rowland, blue ribbons and \$1.00 each for aprons.

Other exhibitors included Eva Lee Wages of Stacy Fork, Mary E. Cecil of Murphy Fork, Dena Nickell of Matthew and Helen Steele of Malone.

The hospitals have been at capacity for more than a year, he said, and out-patient clinics are treating more than 1,700 patients each month.

Three bulldozers have been busy digging ponds, straightening creeks and clearing land in Menifee county.

LIVING COST AT ALL TIME HIGH

The consumer price index increased two-tenths of a percent during September to reach an all-time high of 115.2 percent of the 1947-49 average, the Labor Department's Bureau of Labor Statistics reported last week.

It was the seventh straight month in which the cost of living has inched upward.

The index—a composite of average retail prices paid for basic goods and services in 46 cities—crept to 115.2 percent of the 1947-49 average.

The index now stands a percent higher than it did a year ago and 13.2 percent above the pre-Korean War level of June 1950.

The Bureau of Labor Statistics reported that food prices, which make up about a third of the index, dropped a fraction between August and September.

But this was more than offset by increases in the cost of clothing, housing, medical attention, beauty-shop services and other personal care, recreation and transportation.

Kentucky Ready To Aid U. S. In Drouth Relief

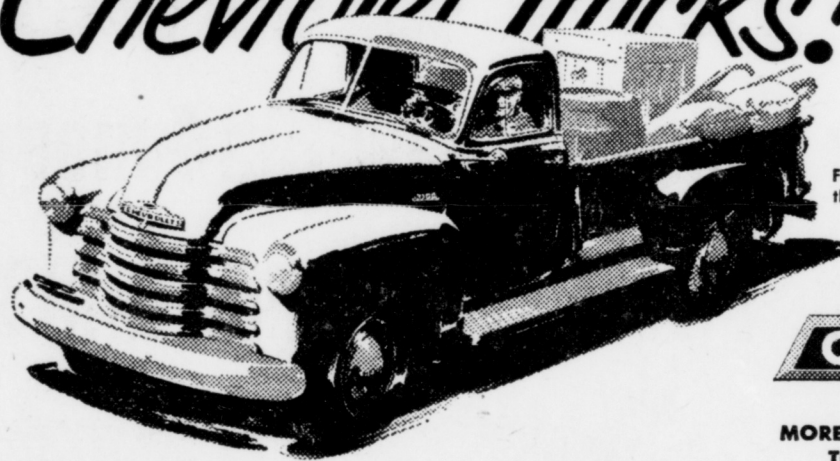

FRANKFORT, Ky., Nov. 1—Governor Wetherby and Commissioner of Agriculture Ben S. Adams notified federal officials that Kentucky is ready to send a representative to advise with the U. S. Department of Agriculture on details of the drouth relief program in 27 counties of the State already declared drouth-disaster areas.

The program, generally, calls for farmers to be able to buy feed at reduced prices and to obtain favorable freight rates on such shipments. But details of the program, to be administered jointly by both federal and state agencies, have yet to be unfolded by the U. S. Department of Agriculture.

Ky 31 fescue on Homeplace and Green Holliday's farm in Perry county has been furnishing pasture through the drouth.

TUESDAY'S ELECTION

The large number of voters taking part in the election in Morgan county Tuesday when there were only two candidates in the county outside of West Liberty indicates good citizenship and willingness to assume and to express their views by voting.

The right of suffrage is the cornerstone of freedom and democracy. There can be no freedom or democracy unless the voters have the right to vote as they wish and go to the polls and act.

Another indication and evidence of their interest and thinking was the overwhelming vote in favor of the school amendment when only a

handful of votes opposed it. On the other hand they opposed the second amendment almost as strongly as they favored the first one.

Another thing which is evidence of the fine spirit of sportsmanship and good citizenship was displayed in the two county races in the manner in which the candidates carried on a high class campaign. In the race for county clerk the defeated candidate went to the home of his opponent at six o'clock the next morning and congratulated him.

MR. BENSON IS 'DEDICATED'

Secretary of Agriculture Ezra Benson, who has been described by President Eisenhower as a "dedicated man," is opposed to the idea of price supports for farmers and to production and marketing controls, which are mainstays of the present federal farm program. Thus it should not be surprising if the farm program is destroyed. Mr. Benson is "dedicated" against it.

Even if the present farm program is extended by Congress, as it likely will be, Mr. Benson, or a like-minded successor, can destroy its effectiveness. He can destroy it through reorganization by taking policy-making out of the hands of farmer committees and centralizing it in the hands of his administrators in Washington. He can destroy it through administrative orders, such as the one which would require burley growers to comply with all acreage allotments on basic crops to be eligible for price supports on their tobacco crops.

The "change" that was promised in the presidential campaign last year is now being counted out, and for farmers it may appear to be quite short.—Lexington Herald.

21 DEER STOCKED IN WOLFE COUNTY

Twenty-one Wisconsin deer—11 does and 10 bucks—were released by the Kentucky Department of Fish and Wildlife in the Cumberland Forest section of Wolfe county last week.

This is part of a program to

stock 50 deer in each county in the Cumberland National Forest in Kentucky. It was announced by Harold Barber, biologist for the department here. The deer-restocking program is being done in cooperation with the U. S. Forestry Service from funds provided under the Pittman-Robinson Fund from taxes on guns and ammunition.

Deer already have been stocked in Lee and Estill counties, and more will be stocked in Wolfe.

City Administration Thanks The Voters

To The Voters of The Town of West Liberty—

Later deer will be stocked in Powell, Menifee and Rowan counties.

Deer are fully protected by the State game laws. Maximum penalty for killing a deer is \$1000 and six months in jail.

The Police Judge, Mayor and City Council wish to thank the people for helping to elect them as their new city officers. They will try to serve you as best they know how.

• IN OL' MORGAN

(Continued from page one)

The Courier received 37 NEW subscriptions during October. Our family of readers is increasing gradually.

The Courier printed 40 extra papers last week, and all were gone by Saturday. The jet plane crash created an extra demand—a demand that we underestimated. And calls are still coming in for that issue—also for additional pictures of the pilot and his father at their dramatic reunion.

The jet plane crash got West Liberty on the map on television last week. The story of the crash and dramatic escape of the pilot was carried on all wire services, many radio and television stations, and the Knoxville dailies, which were provided by members of the Courier staff. However, a security ruling of the Air Force would not permit us to use photos given us by Russell Brown taken at the scene of the crash because they showed parts of the plane. These already were in the hands of the engravers when we checked on the matter and found we could not use them.

A CORRECTION

The Courier's story last week headlined "Farm Bureau Votes Resolutions Asking that Soil Conservation Service Be Continued" was declared to be partly in error by officials of the Morgan County Farm Bureau this week.

The resolution was not included as a part of the Morgan County Farm Bureau's resolutions at the policy development meeting Oct. 17, but was directed to be sent by the secretary to the State resolutions committee for their consideration. The Courier was told this week by Ezra Bach, president; Roy Nickell, secretary; Estill Steele, member of the resolutions committee, and Mrs. Curt Jackson of Ezel.

The Courier originally had been informed that the resolutions had been approved by the local farm bureau.

Margaret Stacy Guild Met Tuesday At Home Of Mrs. H. B. Murray

Mrs. Neil Hunley, president, presided at the November meeting of the Margaret Stacy Guild which was held at the home of Mrs. H. B. Murray Tuesday evening.

Mrs. Curtis K. Stacy presented an impressive devotional, which was opened with a piano solo by Mrs. Rosaline Emrick. Mrs. Stacy then gave a musical reading of "An Evening Prayer" accompanied by Mrs. Emrick, after which she read a passage from the Bible. A hymn was sung by the group, followed by prayer by Mrs. Stacy.

Mrs. Earl Henry gave an excellent account of "The Prophet Jeremiah." In story form, she narrated the life of Jeremiah, who is thought by many to be must Christlike in his teachings of all the Prophets. Jeremiah—meaning "whom God sends forth"—emphasized in his teachings that the kingdom of God is within, said Mrs. Henry, and therefore, religion must come from within.

Following the interesting story of Jeremiah, the business meeting took place. The treasurer's report was given by Mrs. LaRue Peyton. Self-denial envelopes were passed out and \$22.30 collected for the Week of Prayer offering. The Guild decided to pay \$76.00 on the painting bill for the church, which would leave a balance of \$100.00 yet to be paid.

The group decided to sponsor a Community Thanksgiving dinner Wednesday, Nov. 18 at six o'clock in the basement of the Methodist church. Tickets will be sold to anyone who wishes to attend. A program committee was appointed as follows: Rosaline Emrick, Helen Price Stacy, Gene Haney.

Following the business session refreshments of pumpkin pie with whipped cream and coffee were served. Mrs. Murray was assisted in entertaining by Mrs. Jerald Amyx and Mrs. Maud Perry.

Those present were Mrs. Ralph Gullett, Mrs. Russell Brown, Rev. Neil Hunley, Mrs. Gene Haney, Mrs. LaRue Peyton, Mrs. Andy Walter, Mrs. Woodrow Stamper, Mrs. Earl Henry, Mrs. Drexel Vest, Mrs. Major Gardner, Mrs. C. K. Stacy, Mrs. W. D. Emrick, Mrs. A. P. Gullett, Mrs. Herbert Trayner, Mrs. Henry L. Stacy, Mrs. Jerald Amyx, Mrs. Maud Perry, and Mrs. Murray.

Send all poems to Mr. Engle
326 Woodland Avenue, Lexington, Ky.

While in Los Angeles this summer, we had the pleasure of spending a week with Madeleine Fouchaux, noted California poet and artist. Before we left she gave us autographed copies of her poems, "Potpourri" and her "First Aid for Limping Verse." The last mentioned book is really a textbook gem for beginning poets. I should like to take time and space here to recommend it to M.M. readers.

Within the space of twelve short pages, Miss Fouchaux packs a volume of useful advice and information. She not only names the various poetic feet, she also illustrates each one in clear, readable, original poetry. In the first section of the book, "For Troubled Feet," she takes up the poetic feet one at a time. She illustrates the iambus with the following couplet:

"As even-paced the poet walks
He moves in tempo with iambic song."

The trochee:
"Now he passes through triumphal arches;
Trochees time his steps and so he marches."

The anapest:
"Then he hops and he skips to

the anapest's tune
Like a frisky young lamb in the meadow in June."

And so runs the thread of the entire book. Instead of going into a long description as to how the iambic foot should be used for "even-paced" poetry, she writes an iambic couplet which tells and at the same time shows how the iambus is used. In a similar manner she tells and shows how the trochee marches, how the anapest skips and how the dactyl goes "waltzing and tripping," then she shows how these various feet may be mixed "in a smooth blend" in the same poem.

In the section titled, "For Restless Rhymes," Miss Fouchaux gives valuable first aid in regard to rhyme, consonance, assonance, and the masculine and feminine ending. For example, in speaking of "True Rhyme Vs. Identity," she says:

"Renew and blue, as rhymes, are true.
Identities are blew and blue;
Like crew-accrue, they'll never do."

In referring to masculine and feminine endings she says:
"A 'masculine' ending is how

we define
The accent that comes on the end of a LINE.
Penultimate accent's the method for LENDING
More grace to the double, or 'feminine' ENDING.
Or, for lighter effect, you may RIPPLE it;
Gender's not given to rhyme when you TRIPE it."

The last section of the book is called "Vitamin Shots" and comments on rhythm and tempo, contractions, inversions, etc. Of contractions and poetic archaisms she says:

"In light verse use them naturally;
In serious, have a scarcity.
Hast ta'en from olden poesy?
Oh fie! 'Twas very wrong of thee!"

Of inversions:
"For emphasis and other uses,
Inversion has a proper place.
But SUFFERS IT from bards' abuses
And BROUGHT THEY HAVE ON IT disgrace."

And here is one of the many bits of advice Miss Fouchaux gives which we would all do well to consider seriously:

DEFER TO DOCTOR WEBSTER
Mary, Mary quite contrary,
Do consult the dictionary!
What you only guess you know
Much too often is not so.
Puzzled readers cannot find
Meanings only in your mind.

The book which is mimeographed but with a durable attractive cover is published by the Camas Press, P. O. Box 3857, Victory Center Sta., North Hollywood, Calif. and may be ordered from that address for 35 cents a copy or three for \$1.00. It is one of the few textbooks that make learning a pleasure. Fouchaux's pills are good for pale poems. I recommend them.

PEOPLE READY FOR A CHANGE, BARKLEY SAYS

ASHLAND, Ky., Oct. 24—Concluding a week of county-seat politicking, Alben W. Barkley last night told a crowd of Boyd, Greenup and Elliott counties at a Democratic rally in the Ashland high school auditorium that after nine months of Republican administration the American people are ready for another change.

On Wednesday the Veep had spoken at Salyersville, Prestonsburg and Pikeville. The eloquent Kentuckian said there has never been a greater demonstration of the Hamiltonian theory of government that only the rich and well-born should rule than there is in Washington today.

"What is good for General Motors is good for the people," he said. "I have owned and worn out several General Motors automobiles, but am not willing to let them run the United States."

He said the platform of the Democratic party was set down by the party's founder, Thomas Jefferson, when he wrote the first paragraph of the Declaration of Independence. The Republican party evolved from the Federalist party, founded by Alexander Hamilton, who believed that only the high-born should hold the reins of government, he said.

The election of President Eisenhower a year ago was not a Republican victory, Barkley asserted, but an Eisenhower victory. The Republicans were fortunate in having a military hero as a candidate, he said.

"The Republicans put on a new face with Eisenhower as a candidate," he charged, "but it's the same old moth-eaten, mossbacks who have dominated the party that surround Eisenhower."

He challenged his listeners to "name one good thing done for anyone other than big business" by the Eisenhower administration.

Some Farmers Already Stripping Their Tobacco

The long drouth has been fine weather for curing tobacco but it is now a detriment to stripping operations.

However, some Elliott farmers are bringing their leaf in case" by artificial means and some are about through stripping. Milt Fraley, manager of the PMA office, says some 200 or 300 farmers in the county are stripping their tobacco after dampening it.

One method is to take the sticks of tobacco out of the barn at night and hang on scaffolds to get the dew. Then they strip it next day.

Others are using hand sprays to dampen the tobacco early in the morning when they can get it down out of the barn without too much damage. The leaf is then covered to hold the dampness during the day, and stripped the next day.

Red Bush Native Killed in Wreck

Wayne Adams, 35, of Springfield, Ohio and formerly of Red Bush, was instantly killed in an automobile accident Oct. 23 near Washington Courthouse, Ohio. He was en route back to Johnson county with his wife and two children. A tire blew out, causing the car to overturn throwing Adams out and killing him instantly. Other occupants escaped without serious injuries. He was a son of Charlie Adams of Red Bush and the late Shellie Baldwin Adams. His wife, Viola Cantrell, and two children survive.

LIBRARY IMPORTANT

In his annual report, the director of the University of Kentucky Margaret I. King Library described the library as "the most important single piece of physical equipment in the service of culture in the Commonwealth of Kentucky."

By SCOTT MEADE

"Man doesn't live by bread alone."

When we speak of "appetite" we automatically think of food—food for the stomach, that is. But there is another kind of food, almost equally important to our well-being, and that is food to nourish the soul and feed our emotional needs. In order for our bodies to grow it is essential that we eat, and in order for our minds to grow it is imperative that we have something to quench the thirst for spiritual comfort.

Exactly the way people have different tastes in food, so do they have different preferences where emotional needs are concerned. A closeness to God is perhaps the best answer to the need for spiritual fulfillment. An appreciation of beauty—especially the beauties of nature—is another feast for our emotional appetite. There is no set menu . . . the only important thing is that each person find his own way of attaining spiritual fulfillment, and when he does he should continue to nurse this phase of "appetite" as well as a hunger for food.

LACY CREEK 4-H NEWS

The regular monthly meeting of the Lacy Creek 4-H club was held at the school house October 16. The program was on the "Duties of the Officers." Those taking part on the program were Shirley and Judy McGuire, Sue and Jean Wright and Louisa McGuire. Every member was present.

After the meeting new officers were elected for the coming year. Charlie Dixon, County Agent, gave us our ribbons and fair checks which we had won at the

county fair. We received 44 blue

ribbons and \$32.40. Everyone was very happy. Mr. Dixon discussed the fair for 1954.

Visitors present were Bonnie Nickell, Victor Conley, Buster Lemaster, 11 4-H club members, 14 school children and the leader, Mrs. Victor Conley.

BURLEY QUALITY GOOD IN ELLIOTT

Another Million Dollar Crop This Year Is Predicted

SANDY HOOK, Ky., Oct. 27 —Although the drouth has cut Elliott county's burley tobacco crop an estimated 15 percent, the quality of the leaf is very good and its weight is heavier than expected, giving rise to a belief that this year's production will again bring more than a million dollars.

Elliott's burley crop last year brought \$1,209,789.12.

The estimate that this year's crop would bring more than a million dollars was made by the county PMA committee and the county agent.

They figure it this way: Last year a total of 2,357,000 lbs. was produced on 1376.7 acres for an average yield of 1712 pounds per acre.

This year farmers harvested tobacco from a total of 1241.2 acres. Figuring a 15 percent reduction because of the drouth, the estimated yield of this year's crop is 1,455 pounds an acre or a total production of 1,951,440 pounds.

But the quality of the leaf this year is better than last year, according to reports from all over the county, and an average price of 52c to 53c is predicted. This would figure the crop value at \$1,035,266.

BAILEY-FUGATE VOWS EXCHANGED IN CHURCH RITES

The Baptist church near Caney was the setting for the candlelight marriage ceremony of Miss Allene Bailey, daughter of John Bailey and the granddaughter of Mrs. Jim Bailey, both of Caney, to Samuel Fugate of Chicago. The Rev. Wardie Craft, pastor, officiated at the double-ring ceremony which took place at 7:00 p.m. Friday, October 9.

The couple exchanged their vows before a beautiful arch decorated with pink and white chrysanthemums and fernery.

The bride was given in marriage by her brother-in-law, Ernest Craft. She wore an ankle-length gown of white satin covered with white nylon netting. The four cornered veil was held in place by a tiny satin hat, attached by tiny pearls. She carried a bouquet of white carnations with a detachable orchid in the center tied with satin streamers.

The maid-of-honor was the bride's close friend, Miss Garnet Honchul, daughter of the late Green B. Honchul and Mrs. Honchul. She wore a gown of blue satin topped with blue netting and a stole of blue net. She wore blue satin slippers and a blue velvet hat.

Harry Steele of Malone served as best man.

The bride graduated from Caney City in 1947. She is at present employed at the Revere Camera Co., Chicago. The bridegroom is employed at the R. R. Donnelley Printing Press, Chicago. He spent three years in the Navy from 1945 to 1948. He is originally from Breathitt County, Ky.

Approximately 50 people attended the reception held after the wedding at the home of Mr. and Mrs. Ernest Craft. Wedding cake and fruit punch were served. The couple spent a week touring Kentucky, Tennessee, and North Carolina, after which they returned to Chicago to reside.

PRIVATE SAVINGS

Americans put away \$3,700,000 in liquid savings during the second quarter of 1953, one-fourth more than in the first quarter and 160 percent greater than in the second quarter of 1952, according to the Securities and Exchange Commission. Savings deposits in banks rose by \$1,400,000,000, the largest rise since 1944.

C. EVERETT FANNIN MAY SELL BLUE RIBBON LINES

Plan Suits Most Families

Offering the features wanted by most home-buying families today, this three-bedroom, ranch-style dwelling is Plan 709 of Walter T. Anicka, architect, 617 Forest, Ann Arbor, Mich.

Exterior treatment consists of horizontal siding with vertically lined material on gable ends. This decorative effect is continued by emphasis of the vertical members in window and door framing. The roof is of colorful asphalt shingles. The architect recommends pastel roofing to attract the eye and make the house seem taller. Wide roof overhangs shade windows from summer sun.

The three bedrooms are grouped separately from living quarters. This combination living room-dining area is spacious. A separate service room, opening off the kitchen, is an "extra" not usually found in a home of this size.

Overall dimensions are 55 feet by 28 feet 8 inches. Floor area is 1,250 square feet, a figure useful in making preliminary cost estimates. A garage, not illustrated, is optional. It would be attached to the kitchen end of the house. (Detailed building plans are available from Walter T. Anicka, 617 Forest, Ann Arbor, Mich. Refer to Plan 709.)

OBITUARY

BAYES

Lee Bayes, son of J. B. Bayes and Amanda Rice Bayes, was born in Johnson county, Ky. on Aug. 27, 1879 and died Oct. 16, 1953, at West Liberty, Ky. at the age of 74 years, two months, and 19 days.

On Sept. 15, 1904, he was united in marriage with Hattie Cooper, daughter of John Franklin and Emily Patrick Cooper. To this union two daughters were born, Gay, now Mrs. Earl Tredway, and Lena.

He is survived by his widow, Mrs. Hattie Bayes, his two daughters, and a son-in-law, Earl Tredway who lived in the home with him and lavished upon him the care and affection of a devoted son, one sister, Mrs. Della Powers, Mash Fork, Ky.; one brother, Manford Bayes, Winchester, and a host of relatives and friends.

Two sisters, Addie Rice and Mint Tackett, and two brothers, Frank and Sherman, preceded him in death.

Lee Bayes was a silent, thinking man, who accomplished much and believed that all men should earn their bread by the sweat of their brow. In his early youth he toiled early and late to get a start in life and by his diligent efforts he won for himself a place in the world which is reached by few people. He was honest and believed in giving everyone a fair deal. He was respected and admired by those with whom he had business transaction and was loved and adored by those who had daily contact with him.

In his home life Lee was a model for any man to emulate. He was kind and tender with his companion and children, and they in turn gave to him their love and affection.

In his last illness every means was used by the devoted family to restore him to health and to ease the pain that racked his body, but to no avail. He had suffered long and was weary of life and willing to lay down his burden. He assured his family that all was well and that he was not afraid to die.

To those who are sustained by an unflinching trust, death has no fears; it is merely a step from life into eternity through an open door, and the way is calm and full of peace.

Death is only an old door Set in a garden wall; On gentle hinges it gives, at dusk When the thrushes call. Along the lintel are green leaves. Beyond the light lies still; Very willing and weary feet Go over that sill. There is nothing to trouble any heart.

Nothing to hurt at all. Death is only a quiet door In an old wall.

WHY ADVERTISE
The late William Wrigley was once riding with a friend in a crack express train from New York to Chicago. His companion was curious to know why the magnate continued to spend so much money on advertising.

"Your gum is known all over world," he said. "Why don't you save the million you are spending on advertising?"

Wrigley pondered a second and then asked, "How fast is this train going?"

"About 60 miles per hour," replied the other.

"Then," asked Wrigley, "why doesn't the railway company remove the engine and let the train travel on its own momentum?"

RETURNS TO HILLS

(Continued from page 1)
stressed universality as the main requirement for writing poetry and fiction; could it happen to the man next door anywhere in the United States? There must be people who work out problems together, people who are homesick for something. She listed as being helpful to herself in her own work—making yourself work, keeping notes, enjoying people, being interested in everything, and above all being stern with yourself. The best requirement for writing Mrs. Higbee stated it in her own words: "Cup your hand in God's hand and ask for guidance."

Mrs. Higbee stated that through these things she has been able to sell poetry and fiction to the Saturday Evening Post, Ladies Home Journal and the American Mercury, plus all the magazines in the religious field, including both Protestant and Catholic.

Mrs. Higbee didn't come back to Yocum and Morgan County just to visit, even though, those that saw and talked and shook hands with her knew that was the main reason. Besides being the main speaker to the group at the Methodist Church, she was also main speaker at a luncheon meeting at Stamper's Restaurant where she talked to a group of women writers about forming a branch of the League of American Pen Women. She was President of the National League for two years and during that time she met thousands of writers all over the world. The League has over 3,000 members in over 100 branches.

Mrs. Higbee has come a long way in the writing world. No other author in Kentucky with the same amount of formal book learning has ever made the national magazine markets. But Mrs. Higbee is self-educated. She has bushels of personality and a love for people, places and things. When someone writes a literary history of Kentucky, no doubt about it, Mrs. Alma Robison Higbee, native of Yocum, Kentucky, will be given a prominent place. She is a person all Kentuckians should know and above all be proud.

(Note: Mr. Howard, a teacher in the Pike County school system, attended the writers' conference here Oct. 17. He writes regularly for the Christian Science Monitor, and has contributed to Reader's Digest, the Courier-Journal, and other publications.)

REA TO BUILD HEADQUARTERS

The Licking Valley R.E.A. which recently purchased the James P. Oney home and one-acre lot on East Main street in West Liberty, plans to build a modern office building on the site for its headquarters, Fred Rose, manager, announced this week.

The 10-room Oney home and fixtures were sold at auction on Monday and are to be removed from the property by March 1. James Debord of Cannel City bid in the home for a church group and they already have commenced work of razing the building. The lumber will be used to build a church near Cannel City.

Amos Day, West Liberty building contractor, bid in the furnace and bathroom fixtures. Hobart Halsey bid in the cabinets; Elbert Lewis bid in the kitchen sink, and James Tyree of Malone bid in the outbuildings.

Mr. Rose said the REA plans to construct a modern headquarters for its central office and a garage and materials storage room to house all its equipment and supplies.

He said also that a concrete drive-in for visiting patrons of the REA would be built so as to eliminate the congested traffic problem now existing in front of the present REA office.

MORGAN HIGH

(Continued from page 1)

The Wildcats clinched the game with the extra point annex as the hard-driving Sloane toured his own left end for the game-winning point.

Only one other time in the contest did either team threaten seriously. This came in the first quarter following the opening kickoff to Catlettsburg. After taking over on their own 29 the unbeaten Wildcats with the help of a 42-yard pass from Cassell to end, Don Eddy moved to a first down on the Morgan 1-yard line. The spirited Morgan team gained strength, however, and 4 straight plunges into the Blue forward wall netted the Wildcats absolutely nothing. The stand is probably the strongest ever displayed by a Morgan team.

Although Catlettsburg completely dominated the statistics department, most of the margin was compiled during the final half of play.

A farmer in Roane county, West Virginia who has been growing Ky 31 fescue for two years, says it is the only pasture he has had through the drought.

4-H Leaders and Officers In County Training Meeting

Twenty-six leaders and officers from five 4-H clubs held a joint training conference at the West Liberty Methodist church Oct. 28. Miss Dora Etta Bach, president of the Morgan County 4-H clubs, presided. Pledges to the American and 4-H flags were led by Arvilla Wells of the Licking River Club. Songs were led by Judith McGuire of Lacy Creek and Linda Vie of Wrigley.

Mrs. Victor Conley, leader of the Lacy Creek club, worked with the county 4-H club officers in planning and presenting a 4-H club program. Members taking part were Dora Etta Bach, Geraldine Arnett of the Cannel City club, who is the county secretary, Donna Whitt, Dale Blackwell, Alan Hemphill and Linda Vie of the Wrigley club, Judith and McGuire of the Licking River Club. After the demonstration program, a critical analysis was made by the whole group of the procedures used and the activity of each member.

After lunch a series of project demonstrations were given. Demonstrations of various girls clothing projects were given by Mrs. Estill Steele, Shirley McGuire, hill and Mrs. Conley. They were assisted by Miss Margaret Gulley, Field Agent in 4-H work, for the University of Kentucky Agricultural Extension Service. County Agent Charlie Dixon discussed record keeping and project work with the boys.

Executive Meeting Of Club Is Held

The executive committee of the Morgan County Woman's Club met last Friday night in the club room at Stamper's Restaurant. Purpose of the meeting, which was changed from Nov. 9, was to select delegate from the club to attend a district meeting of the Kentucky Federation of Women's Clubs, which will take place Saturday at Drift, Ky. Several members, together with the president of the local club, Mrs. H. B. Murray, will attend. Other routine business was discussed. Five of the committee members were present.

MORGAN NATIVE KILLED IN OHIO

Mrs. Lizzie Ellen Barnett, 32, native of Licking River and a resident of Shelby, Ohio, was fatally injured Oct. 29 in a car-train crash at Mansfield, Ohio and died two hours later in a Mansfield hospital. Three other persons also were killed in the crash.

The body was returned to Morgan county for funeral which was held Tuesday at the Baptist church at Caney with Rev. Eunice Taulbee and Rev. Wardie Craft officiating. Interment was in the family cemetery on the Brushy Fork of Caney under direction of Potter Funeral Home.

Mrs. Barnett is survived by her husband, Boyd Barnett of Willard, Ohio, and the following brothers and sisters, Sarah Tipton, Caney; Noah Bailey, Daysboro; Eliza Pewe, Lee City; Beulah Elam, Index; Minnie Feltner, Willard, Ohio, and Boone Ferguson, Middletown, Ohio.

She was born at Licking River, a daughter of Eli and Alice Pewe Ferguson, and was employed as an inspector in a factory at Shelby, Ohio.

HOUSE, BARN BURN IN RECENT FIRES

A five-room house, barn and all outbuildings on Dry Branch near West Liberty burned Thursday afternoon Oct. 22 from the forest fires which burned over the branch region of about 300 acres.

The buildings belonged to Russell Potter but were unoccupied. Fires raged in the Charley Cottle and Bellamy branch all day Friday and burned over more than two hundred acres. Early Saturday morning all the fires along the river for two miles and up the branches had burned out.

Firemen set afire the brush back of Robert Allen's and the George Spurlock property and burned off the hills and managed to save the building there. Where the forest fires have burned most of the small growth and even large trees are dead from the terrific heat of the flames which sometime would rise two hundred feet into the air from burning trees. Occasionally a tree heavy with dead leaves would take fire and the whole tree from ground to top would be in a flame.
